Database

- **The Agency for Cultural Affairs: The Media Art Database** 「文化庁メディア芸術データベース」 (Japanese Only)
  This is a database for comic books, animations, video games and media arts published and produced in Japan. The database currently includes the information of approximately 250,000 comic books and 80,000 comic magazines published from the early Meiji period to 2014. It also contains approximately 9,000 animation titles, which became public from 1917 to 2014. The database is currently a development version (as of April 2015) and new bibliographic information will be added in the near future.
